PRESIDENT'S REPORT

The TCA has been busy in the first quarter of 2024, responding to Tweed Shire Council draft papers and general advocacy on behalf of the community, Recent matters have included the draft Updated Tweed Valley Flood Study, Population Growth and Housing Options Paper and road safety.

We also recently signed a five-year contract with Tweed Shire Council to extend management of the Tumbulgum Hall by our community.

More details about the above and other projects can be found in the minutes of our meetings and on our website <https://tumbulgum.wordpress.com/>

I look forward to catching up at one of the upcoming events in our great community.
